Objective

Full Stack Developer (Fresher) with hands-on experience in MERN stack, developing responsive and scalable web applications. Proficient in React.js, Node.js, and REST API integration. Familiar with Git, databases, and modern development tools. Eager to contribute to a dynamic development team.

Education

SRITS, Datia, India B.tech, Computer Science CGPA: 7.84	2021 - 2025
Bhani Devi Goyal.SVM, India Class XII ,Mathematics	2020 - 2021
Bhani Devi Goyal.SVM, India Class X	2018 - 2019

Skills

Programming Languages: Java, Python, JavaScript
Frontend Development: HTML, CSS, Bootstrap, Tailwind, React.js
Backend Development: Node.js, Express.js
Database: MongoDB, MySQL

Experience

Frontend Developer Intern – Binplus Technology	Jan 2026 - March 2026
- Developed responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and React.js. - Built reusable UI components and improved overall user experience. - Integrated frontend with backend APIs for dynamic data rendering. - Collaborated with team members to deliver high-quality web applications	

Projects

Food Order Web Application

- Developed a full-stack food delivery web application inspired by Zomato using the MERN stack
- Implemented features such as restaurant listings, search functionality, and user reviews
- Built RESTful APIs for user authentication, order management, and data handling
- Designed a responsive UI using React.js for seamless experience across mobile and desktop devices
- Integrated Supabase for real-time notifications and secure authentication
- URL: <https://github.com/aman743sagar/zomato-react-frontend>

Video Calling Application

- Developed a real-time one-on-one video calling application using React, WebRTC, and Socket.IO
- Implemented peer-to-peer media streaming using WebRTC with signaling via Node.js and Express
- Built features such as call initiation, answering, disconnection, and live audio/video streaming
- Ensured smooth real-time communication with efficient data handling
- URL: <https://github.com/aman743sagar/VideoB>, <https://github.com/aman743sagar/VideoF>

Certifications

FullStack Development | Coding Thinker

- Developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js (MERN).
